

The Serious and the Fun-Loving - Celebrating a Tumultuous Decade

Gala 2019 salutes the events of the 1960s. Opportunities for higher education expanded exponentially with the advent of community colleges across the nation. Our own Terra State was part of that growth, and as we like to say, "Going great since '68!"

The Sixties were filled with cultural drama, counterculture activism, and sweeping accomplishments. The decade of change included historic highlights such as the first weather satellites, the debut of the fifty-star flag, the first U.S. astronaut in orbit, earth-shaking assassinations, major victories for civil rights, the first man on the moon, the Peace Corps and the introduction of Arpanet (Internet).

On the lighter side, highlights included the first Super Bowl, the British Invasion, the first WalMart, Star Trek, Sesame Street and the cute little mini skirt!

So, come join us for this fun-filled FUNdraising event. It has something for everyone!
